On the old road in Cetinje, exactly halfway between Virpazar and Rijeka Crnouwicz, above the village "Poseliani" there is a plot with the most beautiful view of Skadar lake, with an area of 3550 m2.

Extremely attractive and secluded location in the most beautiful natural environment. The village is famous for its ancient mills and a beautiful river, which stretches along the entire length of the village and flows into Lake Skadar.

An ideal place to build a country house, the site is not part of the National Park, so construction is possible.

There are also several other plots with a total area of about 10,000 square meters, along the main road above and below the path.
